<b>Input:</b>	240 volt
<b>Max. globe rating:</b>	60W
<b>Weight:</b>	0.7Kg
<b>Features:</b>	Metal Cage and Hook On/Off Rocker Switch 5 metre cord

## SAFETY INSTRUCTIONS

---

**Warning!** When using mains-powered equipment precautions, including the following, should always be followed to reduce risk of fire, electric shock, personal injury and material damage.

Read the whole manual carefully and make sure you know how to switch the work lights off, in an emergency, before operating the work light.

Save these instructions and other documents supplied with these work lights for future reference.

## ELECTRICAL SAFETY

---

The light has been designed for 230V and 240V only. Always check that the power supply corresponds to the voltage on the rating plate.

**Note:** The supply of 230V and 240V on work lights are interchangeable for Australia and New Zealand.

This work light is double insulated in accordance with AS/NZS 3100:2002; therefore no earth wire is required.

If the supply cord is damaged, it must be replaced by the manufacturer or an authorised Service Centre in order to avoid a hazard.

**Note:** Double insulation does not take the place of normal safety precautions when operating this light. The insulation system is added protection against injury resulting from a possible electrical failure within the work light.

### Using an Extension Lead

Always use an approved extension lead suitable for the power input of this light. Before use, inspect the extension lead for signs of damage, wear and ageing. Replace the extension lead if damaged or defective.

When using an extension lead on a reel, always unwind the lead completely. Use of an extension lead not suitable for the power input of the work light or which is damaged or defective may result in a risk of fire and electric shock.

# GENERAL SAFETY RULES

---

1. Use only SAA approved outdoor extension leads that have 3 pinned plugs and sockets.
2. Ensure that if an extension lead is used that it is rated to carry the total current rating (watts) of the light.
3. Always unplug the light and allow the unit to cool prior to replacing the globe.
4. Do not operate the light if it has a missing or damaged wire grill or lens cover.
5. Do not look directly into the light globe while it is turned on, severe eye damage could result.
6. Avoid placing the light where there are flammable liquids or gases present.
7. Do not use higher wattage globe than specified in this manual.
8. Do not touch the bare globe surface with your bare hands. Use a tissue or cloth.
9. Do not touch the glass lens cover, wire grill or metal housing when the light is turned on. They will all be hot.
10. The lights get hot very quickly, only touch the handles, stand, switch and power plug while it is turned on.
11. Do not operate the light if the globe cover is broken or the lead or plug has been damaged.
12. Do not abuse the cord. Never carry the light by its cord or pull it to disconnect from the socket. Keep the cord away from heat, oil and sharp edges.

**Warning!** Always keep the work light at least 6 metres away from pools or spas.

13. Users. This product is not intended for use by young children or infirmed persons without supervision. Young children should be supervised to ensure that they do not play with this product.
14. If exposed skin feels hot while you are in the lighted area move the light further away from yourself.
15. Always allow the light to cool before storing.
16. Always keep the light 1 metre away from any surface.

# INSERTING THE GLOBE

---

**Warning!** Always disconnect the light from the power supply prior to fitting or removing a globe. If you have just operated the light, allow the metal housing to cool before proceeding

1. Unclip the cage on the side.
2. Place your light globe and tighten in the fitment.
3. Clip the metal cage back into place.
4. The rocker switch will light up when the unit is in operation.

**Warning!** Do not use any other globes higher than a 60 Watt maximum rating. The use of above 60 Watt will cause the product to fail, and may result in fire.
